LAUREATE PHI**

The Original Urban Quest – Mixed Social

Roll Call: Number Present: 9 Number Absent: 8 Guests: 7

Laureate Phi's 1st mixed social was held on the beautiful Sunday afternoon of October 23rd, 2011. Sisters and their guests met at Wendy M.'s at 2:15pm where teams and vehicles were worked out. Teams hit the streets of downtown Ottawa around 3pm, and started solving clues! It was like following a trail of breadcrumbs, each clue brought us closer to our final destination.

The Urban Quest was a great way to experience the downtown core's rich history. We were amazed at just how much we did not know about Ottawa. This city is filled with hidden spots and neat areas. How many people drive to work every day passing the Parliament buildings but have never been in the back of these beautiful buildings or know that there is a street named Vitoria or a cat sanctuary tucked away in the trees that border the rear of Parliament Hill (which, unfortunately was not accessible).

It took us just under two hours to complete our quest and we enjoyed working together to solve the clues. Playing tourist was a lot fun and somewhat relaxing compared to our usual state of rushing around without actually seeing our surroundings! We really enjoyed just being in the moment.

Once we triumphantly crossed the finish line, we sat back and enjoyed a well deserved and delicious meal at the Earl of Sussex.

This event was yet another great Laureate Phi adventure and a good start to our social calendar.
